

# Unit of Training and Research in Language, Arts and Communication & Humanities

University Joseph Ki-Zerbo, Burkina Faso

As one of the five African Cluster Centres (ACC), the Unit of Training and Research in Language, Arts and Communication and Humanities at the University Joseph Ki-Zerbo is part of the Africa Multiple Cluster of Excellence. Funded by the Excellence Strategy of the German federal and state governments, the cluster aims at reconfiguring African Studies through an inter- and transdisciplinary approach. By working together on research projects, scholars participating in the Cluster seek to achieve transdisciplinary synergies and to develop new perspectives in various fields of research. From the four African locations as well as from the ACC located in Bayreuth, the ACCs altogether facilitate the exchange of ideas, the mobility of researchers, and the collection of and access to data.

The **ACC Ouagadougou** is hosted by the University Joseph Ki-Zerbo and its Unit of Training and Research. Drawing from various research sections, the ACC Ouagadougou contributes to the Knowledge Lab of the Africa Multiple Cluster across different research projects. The ACC Ouagadougou is specialized in the fields of History and Sociology. It furthermore enriches the Africa Multiple Cluster by its contributions in the fields Archaeology and Linguistics among its other research specializations.

## Fields of Research

International Relations

Political Science

Peace & Conflict

Sociology

Diaspora

Economics

Law

Development

Anthropology

Gender

Migration

Geography

History

Environment

Global Health

Religions

Philosophy

Languages & Linguistics

Literature

Music

Theater & Film

Arts

Psychology

Archaeology

## Director

**Prof. Yacouba Banhoro**  
Associate Professor of  
Contemporary History

[yacou@gmx.net](mailto:yacou@gmx.net)

## Coordinator

**Prof. F. Emilie G.  
Sanon-Ouattara**  
Associate Professor of  
Translation Studies

[fegsanon@yahoo.fr](mailto:fegsanon@yahoo.fr)

ACC Ouagadougou Website: <https://acc-ouaga.org/>

All highlighted fields of research are represented at this ACC. The grey fields are researched by other partners within the Cluster network.

## Further Contacts and Research Topics of the Cluster Members of the ACC Ouagadougou
