

The Junior Research Group (JRG) "Politics of the Unknown" of the "Africa Multiple" Cluster of Excellence at the University of Bayreuth is looking, from October 15th onwards, for a

Student Assistant (f/m/d)

The field of activity includes:

- Transcribing interviews and focus group discussions (in French)
- Supporting the JRG members with administrative tasks (mostly university-related, but potentially also support in bureaucratic concerns for the two foreign PhD students settling in Bayreuth)
- Communication with external scientists and artists within and outside the research project
- Research activities in the fields of conspiracy theories, political sociology, African studies, biographical social research, Mixed Methods
- Support in the organization and implementation of events (e.g. block seminar, workshops)

Work conditions:

- 20 to 40 hours / month (depending on availability; please specify when applying).
- Flexible working hours by arrangement
- Compensation according to the current regulations for student assistants

We expect:

- Very good knowledge of French and English
- Experience in transcription and social science methodology
- Communicative competence, open-mindedness and quick comprehension skills
- Independence, initiative, confident appearance and ability to work in a team
- Experience in project management and good computer skills
- Curiosity about the theme of the Junior Research Group and interest in a long-term collaboration

We offer:

- An interdisciplinary environment in an exciting research project
- Opportunities to contribute to the content of the project and to gain initial experience in transdisciplinary research

If you are interested, please send your application (incl. CV and letter of motivation, summarized in one PDF file) exclusively by e-mail and with the possible start date of the employment relationship under the subject "HSK JRG Politics of the Unknown" to joschka.philipps@uni-bayreuth.de.

Applications will be read regardless of origin, nationality, religion, gender, identity or disability of the sender. Applications from group members in terms of gender and diversity are strongly encouraged.
